On the Beach at Waikiki

An oasis of tranquility in the heart of Waikiki, Halekulani is a luxury 453-room resort situated on five prime acres of beach with spectacular views of the Pacific Ocean and Diamond Head as its backdrop.

#### CONTEMPORARY LUXURY

Halekulani's public spaces and guest accommodations offer relaxation with a thoughtful design enhanced by our signature "Seven Shades of White," aesthetic philosophy with the themes of sky, sea, and land. Each room has a private lanai (balcony) and offers views of the Garden Courtyard, Pacific Ocean, or Diamond Head. By Summer 2024, experience a new SpaHalekulani, two new premier suites, and a refreshed fitness studio.

#### EARL'S POOL BAR AT HOUSE WITHOUT A KEY

Earl's Pool Bar located within the iconic House Without A Key, overlooks the Pacific Ocean and Diamond Head. Named in honor of Earl Derr Biggers, the acclaimed 20th century novelist who wrote "House Without a Key," while vacationing in Hawaii. Earl's features extraordinary cocktails by the sea, reminiscent of Hawaii's golden age of travel, including the Coconut Cake Martini, inspired by the hotel's signature Coconut Cake, Earl's Daiquiri, and of course our signature Mai Tai.
